

Department of Clinical Sciences
UT Southwestern Medical Center

The Department of Clinical Sciences at UT Southwestern Medical Center in Dallas is seeking applications for Assistant and/or Associate/Professor level faculty, the academic rank of which will be determined by the qualifications of the candidate. The Department of Clinical Sciences has the mission of achieving excellence in the clinical sciences that has already been achieved in the basic sciences at UT Southwestern.

Doctoral level candidates for this position should demonstrate through publications, presentations, and previous teaching experience a strong professional desire to advance and strengthen the field of clinical research. We seek to develop a strong professional academic program focused on accomplishing evidenced-based translational research through the acquisitions of peer-reviewed funding for clinical researchers. The candidate must have a strong background in their discipline as evidenced by professional experience and/or accomplishments should include innovative contributions to peer-reviewed publications, obtainment or active participation in peer-reviewed research funding, involvement on academic/institutional committees, and successful teaching abilities in leading interactive and thought-provoking coursework at the graduate level. The candidate must have an excellent interpersonal and communication style essential for developing and building collaborative research projects throughout the medical environment.

If interested, please send a letter of interest and your C.V. to:
