Assistant Professor - Hematology Oncology - 0610

The Division of Hematology/Oncology in the Department of Internal Medicine and the Southwestern Comprehensive Sickle Cell Center at University of Texas Southwestern Medical Center at Dallas are seeking applicants for a full time position at the Assistant Professor level to oversee care of adults with sickle cell disease and to conduct investigator-initiated and multi-center cooperative group research involving these patients. Other responsibilities will include providing consultation in non-malignant hematology and teaching of medical students, residents, and fellows. No involvement in malignant hematologic disorders will be required. The individual chosen for this position will work closely with other adult and pediatric hematologists in the NHLBI-funded Southwestern Comprehensive Sickle Cell Center, which includes a robust infrastructure of nursing, psychosocial, and clinical research personnel. Candidates for this position should be board certified in internal medicine, board certified or board eligible in Hematology, have or be eligible for a Texas Medical License. This position offers a competitive salary and benefits package.

Interested applicants should submit a curriculum vitae and cover letter to:
