******* Canceled – Thanksgiving Holiday *******

Target Audience:

UT Southwestern faculty, fellows, residents and medical students, community physicians, nurse clinicians, physician assistants and nurses.

Purpose & Content:

1. Designed to provide ongoing forum about new developments in Internal Medicine.
2. Lecture with illustrative slides, detailed formal protocol with illustrations and extensive bibliography. A question and answer period is provided.

Goals:

The goal of the Internal Medicine Grand Rounds is to provide reviews of major topics in internal medicine with emphasis on recent advances. The aim is to stimulate interest in continued study and to enhance the knowledge base that can be translated into improved patient care.

Education Objectives:

At the conclusion of this activity participants should be able to:

1. Discuss recent clinical and research advances in the various subspecialties of internal medicine.
2. Be knowledgeable about current treatment approaches.

Accreditation:

The University of Texas Southwestern Medical Center at Dallas is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation:

The University of Texas Southwestern Medical Center at Dallas designates this educational activity for a maximum of **1 AMA PRA Category 1 CreditTM**. **Physicians should only claim credit commensurate with the extent of their participation in the activity.**

Off-Label Uses:

Because this course is meant to educate physicians with what is currently in use and what may be available in the future, there may be off-label use discussed in the presentation. Speakers have been requested to inform the audience when off-label use is discussed.

Disclosure:

It is UT Southwestern's policy that participants in CME activities should be made aware of any affiliation or financial interest that may affect the speaker's presentations. Each speaker has completed and signed a conflict of interest statement. The faculty members' relationships will be disclosed in the course syllabus.
