Content Rules

1. Any page to be designated as a Site Introduction page or a Section Introduction page needs to be identified as such on the spreadsheet and clearly designated to Internet Services.
2. Only one instance of the Site Introduction page or a Section Introduction page may exist.
3. Identification of the workflows for all content categories, including Site Introduction page and/or a Section Introduction page will be made by the department.
4. The department will also be responsible for identifying the Content Areas their information will appear in, such as:
 - a. Education
 - b. Research
 - c. Patient Care for Patients & Public
 - d. Patient Care for Healthcare Professionals
5. Internet Services will provide links to the department faculty.
