#### **Limited Competition: The Studies to Treat or Prevent Pediatric Type 2 Diabetes (STOPP-T2D) (U01)**

Grant

<http://www.grants.gov/search/search.do?&mode=VIEW&flag2006=true&oppId=17506>

**Summary:** The NIDDK invites a Cooperative Agreement application for a limited competition from the Data Coordinating Center (DCC) for the STOPP-T2D studies, including TODAY and HEALTHY. The DCC application will include the 15 TODAY clinical centers (CC), the 7 HEALTHY field centers, and the central laboratories, reading centers and cores. The TODAY CC, with the support of the DCC, will complete the TODAY study, continuing to implement the protocol and completing outcomes assessment of the enrolled TODAY subjects. The HEALTHY field centers, with support from the DCC, will complete the final year of the HEALTHY study, implementing the intervention in the existing 42 HEALTHY schools and completing outcomes assessment of the enrolled HEALTHY subjects.

**DUE: July 31, 2008.**

**AWARD:** NIDDK intends to award up to **\$26 million** dollars in FY09 to fund one application.

National Institutes of Health

#### **Midcareer Investigator Award in Patient-Oriented Research (K24)**

Grant

<http://www.grants.gov/search/search.do?&mode=VIEW&flag2006=true&oppId=17507>

**SUMMARY:** The purpose of the Midcareer Investigator Award in Patient-Oriented Research is to provide support to mid-career health-professional doctorates or equivalent who are typically at the Associate Professor level or the equivalent (see Section III. Eligible Individuals) for protected time to devote to patient-oriented research (POR) and to act as research mentors primarily for clinical residents, clinical fellows and/or junior clinical faculty. The intent of this award is two-fold: 1) to enable mid-career clinician scientists to devote more time and to augment their capabilities in patient-oriented research; and 2) to enable mid-career clinical scientists to mentor new clinical investigators in the conduct of patient-oriented research.

**DUE: submit up to May 7, 2011.**

**AWARD: see complete solicitation.**

Department of Health and Human Services  
National Institutes of Health

### **Academic Career Award (K07)**

Grant

<http://www.grants.gov/search/search.do?&mode=VIEW&flag2006=true&oppId=17512>

**SUMMARY:** The purpose of the NIH Academic Career Award is to provide support to increase the pool of individuals with academic and research expertise to become academic researchers and to enhance the educational or research capacity at the grantee sponsoring grantee institution. The Academic Career Award supports Development awards for more junior level candidates and Leadership awards for more senior individuals with acknowledged scientific expertise and leadership skills.

**DUE: May 7, 2008.**

**AWARD: see complete solicitation.**

Department of Health and Human Services  
National Institutes of Health

**Global Infectious Disease Research Training Program Award (D43)**

Grant

<http://www.grants.gov/search/search.do?&mode=VIEW&flag2006=true&oppId=17513>

**SUMMARY:** The purpose of this announcement is to invite applications for U.S. and developing country institutions for programs to provide infectious disease (excluding HIV/AIDS) research training to scientists and health professionals in order to build sustainable research capacity at institutions in low- and middle-income endemic countries.

**DUE: applications accepted up to Sept. 16, 2010.**

**AWARD:** the total amount to be awarded is expected to be **between \$600,000 and \$1 million** per year.
