Jointly Sponsored Ruth L. Kirschstein National Research Service Award Institutional  
**Predocctoral Training Program in the Neurosciences (T32)**

Grant

<http://www.grants.gov/search/search.do?&mode=VIEW&flag2006=true&oppId=17094>

**SUMMARY:** The Jointly Sponsored NIH Predocctoral Training Program in the Neurosciences supports broad and fundamental, early-stage graduate research training in the neurosciences via institutional NRSA research training grants (T32) at domestic institutions of higher education. Trainees are supported during years 1 and 2 of their graduate training when they are typically not committed to a dissertation laboratory. The primary objective is to prepare qualified individuals for careers in neuroscience that have a significant impact on the health-related research needs of the Nation.

**DUE: up to May 25, 2010.**

**AWARD:** the total amount awarded and the number of awards will depend upon the number, quality, duration, and costs of the applications received.
